Uncle Green Back Is Called From Time

At the home of a daughter, Mrs. Otie Keel, at Millstone, the gentle, tired spirit of Uncle Green Back passed to a well-earned reward beyond the skies a few days ago after a stroke of paralysis. Past the allotted three score and ten the aged man suffered a stroke of paralysis while residing at Clay City, Ky. He was brought to the home of Mrs. Keel at Millstone where Uncle Green passes on, joining the great multitude of the Heavenly hosts, who had preceded him. For more than twenty years Green Back was a Christian leader, a member of the Holiness Church, his walks true and manly, a worthy man in every sense—worthy for his children, his relatives and his friends to walk in his footsteps. His reputation as a man was unequalled.

Surviving are besides Mrs. Keel, Mrs. Susie Baker, another daughter, and Willie Sergeant, Leslie, Benton Harbor, Mich., and Raymond of Millstone. Many other relatives survive in Letcher and Breathitt Counties, he being a native of Breathitt.

After funeral rites by the Revs. Mooney and Hall, of the Holiness faith the remains were deposited Monday in the old Thornton cemetery, the Craft Funeral Home having charge of the final commitment.

Team and Coach Move Into Army

The following news item has just been called to our attention and mailed in by one of the leading citizens of Fleming:

Fleming, Ky., Oct. 28.—All members of the 1939 Fleming High School football team, which made victory a habit by losing only one game, and their coach, Vincent Vaughan, are now serving in Uncle Sam's armed forces.

The call to arms interrupted the college athletic careers of Clayton Stapleton, enrolled at Tennessee; Lloyd McMillan at North Carolina State, and James Johnson, at Georgetown (Ky.) College.

SENATOR NORRIS LOSES AFTER 40 YEARS SERVICE

Omaha, Neb., Nov. 4.—Senator George W. Norris, Nebraska's "elder statesman," lost his Senate seat today after 40 years of service among the leaders of the nation's progressive movements.

Leading a Republican sweep in Nebraska, Kenneth S. Wherry, small-town lawyer, businessman and former state legislator, won the senatorial contest in a three-cornered race against Norris who ran as an independent with President Roosevelt's endorsement.

Mr. and Mrs. Clarence Beckett, Douglas Ray Beckett and Pricey Marie Bentley of Letcher, spent a delightful weekend in Cynthia where they attended the wedding of Mr. Beckett's brother, Cpl. James Kendall Beckett of Camp Edwards, Mass. The ceremony was conducted by the Rev. Newton King, formerly connected with the Radio Devotional League of Asbury College, Wilmore, Ky. The impressive rite ceremony and reception took place at the home of the bride, Miss Elsie Elliott of Antioch, Ky. The bride and groom left immediately for Lexington, Ky., for a brief wedding trip, after which he will return to Camp Edwards, Mass.

WAR IN BRIEF

British Eighth Army's 12-day offensive in Egypt sent Axis forces reeling into disorderly retreat. British kill Marshal Rommel's second in command and capture Afrika Korps commander; destroy 600 enemy planes, capture 9,000 men, destroy or seize 200 tanks and 270 guns and smash 50,000 tons of heavily laden shipping. Allies advance all along the line and now have driven enemy back nearly halfway to El Daba. Allies' losses reported light.

MRS. W. P. HARRELL VISITS HUSBAND

Mrs. W. P. Harrell of Georgetown was a week end visitor in Whitesburg. On Saturday Miss Juanita Collins entertained with a dinner with Mr. and Mrs. Harrell and members of her family present. On Sunday, Mrs. Owen Stixon also entertained with a dinner just before Mrs. Harrell's return to Georgetown.

Letcher Goes Over Top in Scrap Drive.

Letcher County went over the top in the Scrap Metal drive. Reports which poured in Friday, Saturday and Sunday sent to the County's total collection to 4,518,257 pounds. This is 111.3 pounds for every man, woman and child in the County.

Scrap has been collected during this drive from all sections of the county and there has been a fine spirit of cooperation manifested throughout the campaign. Everybody has responded. Many people have neglected their work and collected scrap; others have donated their trucks to haul the scrap in and others have given scrap that they were still using until this drive came along and they realized that they could help win by pitching it in the pile. Even the men in jail have readily responded to the call. They have collected over 100 tons or 8695 pounds per person in jail.

HUGH HURST,
Scrap Drive Chairman.

LETCHER COUNTY GOES REPUBLICAN MAY WINS IN DISTRICT BY SLIM MARGIN; G. O. P. GAINS MANY NEW SEATS IN CONGRESS, GOVERNORSHIPS.

According to all information reaching The Mountain Eagle the election held on Tuesday of this week was one of the quietest in the history of Letcher county as well as surrounding counties. Hon. A. B. Chandler was easy winner over his Republican opponent Richard J. Colbert. It was generally conceded that Chandler would win since the primary of last August however Colbert was the winner in Letcher County.

In the Congressman's race Hon. A. J. May nosed out with a sufficient number of votes to win over Dr. Elmer E. Gabbard. Mr. Gabbard won in Letcher county also by around 600 votes.

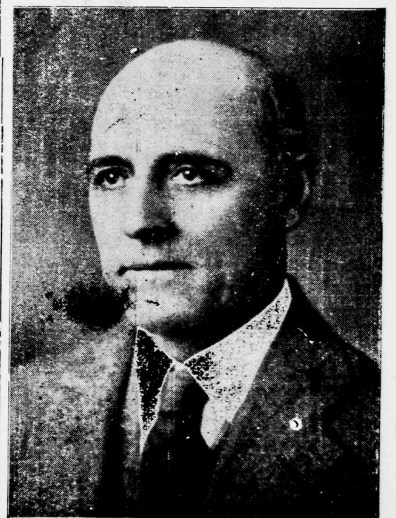

It was a thrilling race right down to the last goal line and for a time it looked like Gabbard would come out victorious since he had the powerful United Mine Workers organization backing him as well as hundreds of business and professional leaders. On the other hand Mr. May had the support of the National Government as well as the State Organization and when the final votes were counted Mr. May was winner by 402 in the district. This race it seems was the hardest fought in this section in many a day. Dr. Gabbard who is head of the fine school at Buckhorn in Perry County, a man of fine character as well as being a fluent orator, came on the horizon with no one realizing his political ability until it was too late and it seems his supporters were somewhat slow in getting acquainted with him. Especially of the leaders throughout his district to help him as they would have had they known him, and while he was one of the district's most useful citizens he was practically unknown until a few months ago when he announced for this office and went up against the strongest man we would say in the Lower House of Congress. Mr. May is and has been a very important Congressman due to his many years of experience, his wide publicity and his holding down the important job as Chairman of the House Military Affairs Committee.

In Letcher County it seems that Dr. Gabbard and his faithful workers won a victory in a sense for they held their own against the State and National machine which has grown to be a greater power than most politicians can overcome especially in this part of the country.

Throughout the Nation many states went back into the Republican column, among them President Roosevelt's own home state of New York where Thomas E. Dewey the former gang buster district attorney won by a landslide and also Hamilton Fish won by a big vote.

In the race for County School board in which Jim Whitaker and Pearl Dixoa were the candidates in the lower end of the County, Jim won by a nice margin. It seems that Mr. Whitaker must be all right since he has been a member now for around 20 years.

FROST

Oh sly silver frost, when all's
quiet and hushed,
It's then you paint with your
beautiful brush.
You sit up a kingdom of
sparkling delight
The tall pine trees look ghost-
ly and white.

They say you ride a pale horse
in your flight
And you do your best painting
when the moon's shining
bright.
In a single night you can paint
the whole world,
Every twig on the tree's a sil-
very pearl

You go down in the valley
and up on the hills
Over the mountains, the rocks
and the rills.
The housetops in moonlight
glitter and twinkle
You're so skilled with the
brush you leave never a
wrinkle.

You kiss all the leaves and
make them fall down
Turning them red, and yellow
and brown
The flowers and the grass but
each other good bye.
One stroke with your brush
and they turn pale and
dye.

Now I've heard lots of talk
of your beautiful brush
And they say there's magic
and death in its touch.
When you're near the little
brook's ripple and sigh
The crickets stop singing and
creep off and die.

My friend frost you can't fool
me, I know you are not.
I have some nice friends who
are beautiful stars
Their bright eyes watch you
all the night through
They told me some secrets of
strange things you do.

Yet I don't think you're as
bad my friend frost, as
they say
For your silent night painting
makes beautiful days.
Big ears of corn and gold
pumpkins too, would not
properly ripen
if it were not for you.

Like a puzzle when finished
you fit in God's plan
All nature in seasons are ruled
by His hand.
I like the winter, spring, sum-
mer and fall,
For God the Great Maker,
created them all.

(Dedicated to all graded
school children of Letcher
County).

FROM US—

You've read our exploits in
the press,
And heard on the radio, too,
Of the tough fight we are
putting up
To save this world for you.

We are fighting without
grumbling
Against the Japs and Nazis
too;
We'll rid this globe of all the
rats,
And won't quit till we're
through.

We're there on every battle
field
A fighting tooth and nail;
To keep our country free and
clear,
And we'll pledge we will not
fail!

We will bear our every hard-
ships
With a heart that's stout and
true;
But there's one thing that
we're asking
You folks at home to do:

TO YOU—

Next time you want to beef
a bit
About your rising taxes;
Just think of us in battle,
It's our fight to beat the
Axis!

Every bit of gas and rubber
you use to take a ride,
Are needed for our tanks and
planes
So we can lick the other side.

When you think you need
your money,
And can't spare any cash
To buy our country's stamps
and bonds
Remember! There's an en-
emy to smash.

We all are brave Americans
And we have a job to do;
We're giving our best in this
fight,
Can we count the same from
you?

Sincerely yours,
—Pvt. Bratton Salyer,

Road To Victory!

by Jane Tompkins
It may seem like a far cry
from raccoons, beavers, snow-
shoe rabbits, polar bears,
musk-oxen, and penguins
(which is what I have been
writing about during the past
few years) to the subject of
War Bonds and Stamps; but,
when you stop to think about
it, the two are kindred. For
just as raccoons and other
creatures of the wild yearn
for freedom and security, so
do human beings feel that life
without freedom and security
is an unhappy existence.

The price of freedom is high,
but NO price is TOO high.
That is why we are now en-
gaged in a war that must end
in Victory. It is a people's
war. That means you, and
me, and all those near and
dear to us. It means the chil-
dren in school, the teacher,
the grocer on Main Street, the boy
who lives around the corner.

For there is some way in
which every single one of us
—men, women, and children—
can help to win. Each of us
can do his share. And one
way of sharing the burden is
this: Buy War Stamps. Buy
Bonds. Keep on buying them,
even if it means sacrifice. For
only by the sacrifice on the
part of all Americans can we
hope to win the Victory that
will keep us free from oppres-
sion, and will free those who
are now enslaved. So, don't

forget, BUY STAMPS. BUY
BONDS. Do your share on
the home front while our
men are doing THEIR share
on land and sea and in the
air! KEEP AMERICA FREE
—KEEP AMERICA STRONG
—LET'S ALL PULL TO-
GETHER FOR VICTORY!

We were sorry to have Mr.

Motorists May

Apply For Books

George H. Goodman, Kentucky
director of the Office of Price
Administration, said that indi-
vidual application blanks for basic
gasoline coupon books under the
military rationing plan would be
available to Kentucky motorists
the latter part of this week. This
rationing becomes effective Nov.
22.

Goodman said motorists could
obtain the application blanks at
filling stations, garages and au-
tomobile clubs. Registration for
gasoline will be conducted at
school buildings Nov. 9, 16 and 11.

As a preliminary "to obtaining
the basic coupon book or "A"
book, the motorists must list
serial numbers of the five tires to be
used on his car and make a state-
ment that he has no other tires
for that vehicle.

Bond Buying Song

—v—
by William Rose Benet
Factory, camp, and farm
Arming the land;
All together toiling,
Head, heart, and hand—
Tank, destroyer, and plane,
By land and sea—
Millions surging forward
For the land of the free!

For this day, for all days,
For your country, for your own—
Not slaves, but a people free
from fear—
For the God of your own choice,
For the might of the people's voice

Lifted in the forum loud and clear,
For life in the light of the sun,
For the stars—and the eagle's way—
Buy Bonds against Bondage—
Buy Tomorrow with Today!

Our nation now like one
Heaving against the load,
Shouldering rolling wheels
Up the victory road—
Strong, determined, grim,
Till the task be done—
Tread of thunderous millions
Marching as one!

For this day, for all days,
For your country, for your own—

For your children in the great days to be—
For truth of our honest word
Tried in fire, battle-stirred,
Like a light on the land of the free,
Doom to the pit of darkness
The liar and tyrant's way!
Buy Bonds against Bondage—
Buy Tomorrow with Today!

ATTEND GRAND CHAPTER O. E. S.

Those attending the Fortieth Annual Session of the Grand Chapter order of the Eastern Star, which met in the Woodland Auditorium in Lexington, October 26th, 27th and 28th were Mr. and Mrs. Atta Wise of Neon, Mrs. Margaret Fulton, and Mr. and Mrs. J. B. Hilsenbeck, all members of Pine Mountain Chapter No. 247 of Jenkins.

This was a "Patriotic Session" dedicated to the Armed Forces of the United States of America, the Auditorium was most beautifully decorated with flags, light-houses and ships. All Grand Officers were dressed in flag red crepe dinner dresses, trimmed with silver beads, the Grand Pages in white of the same. They made a most beautiful picture. Drills of many designs were used in the introduction of all Grand Officers, and the Flag drill which accompanied the presentation of The American Flag was executed in perfect beauty and precision, and was acclaimed the most beautiful ever witnessed. There were 997 delegates alone, with over 1000 members in attendance. The various Banquets, Luncheons, and Breakfasts were a most delightful feature of the program.

Mrs. Key Baker Browning of Ashland was elected to the position of Worthy Grand Maroon of the State of Kentucky and Lieutenant Martin Roberts of Lexington, Worthy Grand Patron, other officers elected were: Mrs. Lottie K. Dunkie of Covington, Associate Grand Conduress, Miss Ella Morris Mount, Louisville, Grand Secretary and Mrs. Flora Shoppenhurst, Louisville, Grand Treasurer. Mrs. H. G. Hazelrigg of Paintsville was appointed Grand Ruth, and Miss Josephine Darr of Prestonsburg was appointed Grand Esther.

An added pleasure for our party was the fact that we had Miss Falay Long, who now resides with a sister, Mrs. T. S. Riley in Lexington, attend the sessions with Mr. and Mrs. Hilsenbeck were entertained in her home.

BRIDGE PARTY GIVEN

Dr. Elmer E. Gabbard, Republican nominee for Congress from the Seventh District, preached a splendid sermon on the subject of "The Simplicity of Religion" in the Jenkins Baptist Church, Sunday morning. The members of the Methodist Church Choir furnished special music. A large audience greeted Dr. Gabbard.

SPAGHETTI DINNER A BIG SUCCESS

The members of the Women's Society of Christian Service served a spaghetti dinner in the basement of the Church Saturday evening. Despite a downpour of rain, a large crowd attended and the net proceeds will amount to near sixty-five dollars. This money will be used to paint the outside of the church building. Contract for same has been let to Mr. Dan Moran. This is a much needed

piece of work, in order to preserve the frame work of the building.

Last Sunday morning the Girl Scouts of Jenkins had charge of the morning service at the Methodist Church. A most interesting and instructive program was carried out, under the able direction of the leader, Miss Clara Shaw. These girls are indeed receiving wonderful training along those lines of work leading to useful citizens. We hope they will come again soon.

Miss Ruth Bales and Mr. William Bales, of Beckley, W. Va., a niece and nephew of Mrs. O. O. Parks, visited at the Parks home a few days last week. William was on the Wasp when it was sunk.

A wedding, which created much excitement and interest among the contracting parties, but to their many friends as well, was that of Mr. Claude Nolan and Mrs. Effie Tucker, which was solemnized at the Methodist Parsonage, Sunday morning at 10 o'clock. Rev. A. D. Houghlin officiating. They accompanied Rev. Houghlin for the morning worship service and received the congratulations and best wishes of their many friends.

The following clipping will be of interest to the many friends of the bridegroom, one of Jenkins most popular young men.

EOLIA NEWS

by Hazel Boggs
Paul Smith and Miss Bonnie Boggs, both of Eolia were married last Saturday.

Church services were planned to be held at the Eolia School Building Sunday, but due to the illness of the preacher, the services were delayed. Mr. and Mrs. Lewis McDaniel and Mr. and Mrs. Irvin Boggs and family were Sunday guests of Mr. and Mrs. Chester Sturgill, Sunday.

The Christian Endeavor meeting is held every Friday night at the Cumberland Valley Presbyterian Church. Last Friday they gave a little Halloween party, and gave a small gift to Doyle Cornett for being best dressed in the Halloween spirit. Many young boys and girls were present and all seemed to enjoy themselves fine. Just as everyone seemed ready to leave Mr. and Mrs. Joe T. Sudduth were surprised by a fruit shower.

Wile Coots, son of Felix Coots, is home visiting his many friends and relatives. He has been doing his part for Uncle Sam for the past year or so. We really enjoy having boys who are in service come and spend a short visit in our community.

Attention: Pessimists (PUBLISHER'S AUXILIARY)

Of course, it's the inalienable right of every American to curse the umpire, squawk about his taxes, usually before he pays them, razz Congress, declare that "there's too much politics in our government" and repeat as sparring new phrase, the statement that "Washington's a madhouse." But it's rather refreshing once in a while to hear a variation on all those old familiar refrains.

We heard one last week—in a letter written by a newspaper man, lately returned from a trip to the national capital. Here's an excerpt from it:

Washington a "madhouse"? I've just spent a week down there.

Talked with officials of the treasury, the Office of War Information, the War Production Board, the War Manpower Commission.

Mrs. Pearl Ingram has closed her Modernistic Beauty Shoppe and has gone with son Ed O'Neil, to Baltimore, Md., where each has accepted position with the defense program.

Neon Methodist Church Notes

A few notes from our Church and Sunday School. Our work is starting on our building next week. The writer understands that about \$500.00 has been raised so far to go on the building work and more is coming in all around.

Some of us had gotten down hearted about our Sunday School attendance which just kept going down but we had an increase of 17 today over last Sunday.

At Sunday School today we started a fund to purchase another piano to replace the one which was destroyed in the recent big flood which did so much damage in Neon. Anyone having a piano in good condition and wishing to sell at a reasonable price please contact Rev. A. L. Moore, pastor. The Methodist Church, Neon, naming price and condition of piano.

We had as visitors in Sunday School, Eugene Kirkpatrick, now employed in Norfolk, Va., and Corporal Harold Yonts, U. S. Army, Benton Rouge, La. Corporal Yonts is a son of Roy E. Yonts, of Hogg Hollow, Neon.

It seems several people are afraid to attend services because our building was flooded recently in the July and August floods. Each time the building was cleaned, and so far as the writer knows, no one has taken sick because they attended church in this building. Come on, let's attend and serve the best we can. It is discouraging to those who make preparations for large crowds when only a few attend.

Dry Fork News

Mr. Roy Smith had very bad luck last Saturday evening. He was trying to dodge one of Dry Forks big mud holes and slid over the bank. He had to leave his car and walk home in the rain. Some of the taxpayers were quite busy Sunday: Fred Holcomb, Fred Tyree, James Halcomb, Curt Tyree, Ray Smith, Oscar Cornett, Astor Cook all pushed Ray's car out and filled up the mud hole with stones. The creek road is just about past traveling. We would greatly appreciate it if just a little work could be done.

Mr. and Mrs. Carl Tyree has a very sick baby with pneumonia.

Van Worax has just returned from Hazard Hospital where he underwent an operation for appendicitis. We are all wishing him a speedy recovery.

Mrs. Florence Brown has been a very sick lady at her home. She is improving some now.

Mr. Claude Webster was the guest of Miss Tyree the past week.

Mrs. Rebecca Halecomb owns a wagon and team. When she cracks the whip the wheels begin to roll. She goes rain or snow and it looks as if she will be the only one able to travel the Dry Fork road this winter.

Mrs. Artie Caudill was the guest of Mr. and Mrs. Cornett the past week.

Mrs. Fred Tyree spent Monday in Hazard on business.

"America's" Invocation.

Introduction of visiting Rotarians and guests.
Speaker: W. C. Worth.
Subject: Optional.

NEXT WEEK: Speaker Dr. B. F. Wright—Friday 13th.

LAST WEEK: We had a fine meeting Friday night, with Mrs. Rosa Jones and party of four school girls and boys doing the entertaining. The girls and boys did some very fine singing, we are sure all who attended the meeting enjoyed it. Thanks Mrs. Jones and party for helping us out.

We had an estimated crowd of around fifty present, some were in costume and some were not. Mr. and Mrs. Hugh, Mr. and Mrs. Sam, Mr. and Mrs. Coy, Mr. and Mrs. Dow and others were in costume. All were very hard to identify. Sam made a real good looking woman. Some of the boys really tried to flirt with him.

Among the visitors and guests were: Mr. and Mrs. Emory L. Frazier of Washington, D. C.; J. Lee Cooper had several visitors in his group from Stuart Robinson.

Emory Frazier was called upon for a few minutes talk at the last of the program, and as usual he made us all feel like we are among the best with his reminiscence.

President George is on the sick list this week. We hope his sickness will be of short duration.

Letcher County Scrap Drive went over the top. We know Hugh is very glad, and we are glad for him.

F. H. S. Sports

This is your old reporter again to report the results and news concerning the game played in Pikeville last Friday night, although I was very unfortunate in missing the game. I have heard many first hand reports of the game which brought the "Pirates" their 6th Conference victory without a loss—and therefore makes them the champions of the Big Sandy Conference.

But now back to the game—The "Pirates" won the game 16 to 14 and from all reports were never in such deep trouble that they were worried—even though the boys from Pike County seemed to have most of Fleming's line plays stopped.

No doubt the most outstanding and probably the deciding factor was a run by Vertuca, the consistent blocker-tackler and runner of the F. H. S. eleven.

Pikeville kicked off to Fleming—Vertuca took the ball on about his own ten and scampered all the way over for a touchdown. This was the longest run of the season by a "pirate" or any of their opposition.

The nearest thing being the 69 yard run by "Speedy" Elbert Richardson against their arch rivals from Jenkins.

As I have said before, the "weathers" of the Purple and Gold—didn't have such a difficult time in defeating the Pikeville team who had beaten them for the past two years and they came out victorious to the tune of 26 to 14.

This game brought down the curtain on the careers of 9 lettermen who graduate at the end of this year.

These purple players are from the line. The Pirates lose "Fossil" Johnson, a large end—who has had a very successful season for the past two years since he has been converted from a center to an end by the former coach—Vincent Vaughan who has been home for the past few days on leave from his duties as a "petty" officer in the United States Navy.

The Fleming team also loses Maurice Jones, a small but speedy guard who has been very tough in his years as a "backbreaker."

Then Denzil Hall, the center who has had a tough time until this year, but has really proven his worth at the pivot position.

Lester Bentley, the largest man on the squad is to graduate too, he has been one of the big "cogs" in the success of the current team.

As you know Delmar Hall another end and brother of Denzil was too old, just before the Whitesburg game he also graduates.

In the backfield they lose Ralph Richardson who is also a transformation, he was formerly an end—a successful end and now a successful back.

This is a player who has had one of the most sparkling and brilliant careers of any "Pirate" in history.

This can also be said for Tony Vertuca. He has really been an important factor in the success of the Fleming team.

J. D. Mullins has not been a regular but he has seen as any of the rest of the team and on any other team would undoubtedly be a regular.

Now that the football season is closed basketball will soon follow and the Pirates should have a classy team on the gridiron as well as on the hardwood.

So long and good luck—ELMO PARRISH, Cromona, Ky.

Poultry Pointers**For November**

The slogan for most war industries is "Keep 'em Rolling." Poultry must keep their industry at top speed and their slogan is "Keep 'em laying."

The number of pullets housed in Kentucky this fall is greater than usual and this increase may cause some problems which can be serious if they are not solved.

1. **OVERCROWDING OF LAYING HOUSES.** It is poor business to put more pullets in the laying house than the house will accommodate. Floor space and floor space must both be considered. Floor space should be provided at the rate of 3 1/2 to 4 square feet of space per hen and roost space should be made available at the rate of 10-12 inches per hen for the heavy breeds and about 8 inches for the light breeds.

2. **FEDDER SPACE** must be increased to meet the increase in the number of pullets housed. Insufficient feeder space may result in lower feed intake and low feed intake does not encourage high production. Each foot of feeder space will take care of four hens. Therefore, if you have 120 hens in the laying house there should be at least three feeders which are four feet long and arranged so that the hens may eat from both sides. If there is any doubt about having enough feeder space add another feeder. You are not apt to have too many.

3. **FEED IS THE MOST COSTLY PART OF THE LAYING FLOCK PROGRAM.** Nevertheless birds must eat heavily if they are to produce at a high rate. In Kentucky the self feeding of grain and mash is a practice which is followed by many producers. It is a simple way to feed, helps to keep the pullets in good condition and by feeding all feed in hoppers, sanitation in feeding is practiced. Stir the mash in the hopper each time you go into the laying house. I will encourage greater feed consumption. Fill the feeders about half full and then add feed from time to time. If the feeders are filled too full some feed may be spilled out and lost.

4. **WATER IS STILL CHEAP,** and as important as a good mash in your feeding program. Give the hens all they will drink. On page 23 of Extension Circular No. 351 may be found a handy way to water hens. Get a copy of this Circular from the County Agent and build two of these water stands for each 100 hens. Water container is fourteen quart pail.

5. **GREEN FEED** is an important source of vitamins for hens and should be provided wherever possible. Keep the hens up until noon or later and then let them run on a patch of green feed. It does wonders for production and hatchability. You might be preparing for some green feed for next spring's chicks too.

6. **OYSTER SHELL OR LIMESTONE** is needed for good egg shell formation. If limestone is used get the coarse pieces, about the size of a half kernel of corn, rather than the fine ground rock. If electricity is available and your hen house has been wired the lights should be in use now. Turn them on in the morning so that the hens have about 13 or 14 hours of light. The pullet crop has cost money to make them pay off this fall.
